

North Palm Beach Auctions Items from Village Clubhouse and Restaurant

May 1, 2018

NORTH PALM BEACH, Fla., May 01, 2018 (GLOBE NEWSWIRE) -- The Village of North Palm Beach in Florida is selling surplus items from the Village Country Clubhouse via online auction on the government surplus auction website GovDeals.com.

The auctions will run May 1 through May 11. Some of the items included in the auctions are ovens, freezers, deep fryers, table settings, shelving, tables and chairs, lockers, and furniture. Bidding is open to businesses, vendors, contractors, restaurateurs, homeowners, collectors and anyone with an interest.

The clubhouse and 18-hole golf course will be closed for business beginning May 1. However, anyone that wants to personally inspect the items being sold may do so from 9 to 11am or 5 to 7pm on May 8th.

Once the auctions are complete, all buyers will need to schedule pickup. Pickup is available from May 14th to May 18th, between the hours of 10am and 2pm.

The contents are being auctioned because the Village Country Club's 55-year-old Clubhouse will be demolished early this summer in preparation for a new clubhouse to be built.

The new clubhouse is expected to open in late summer of 2019. The golfing greens will re-open in December this year after new grass has grown in, but project planners have not yet determined any closing dates for the driving range, pool and tennis courts. Those facilities will be managed from temporary structures until the new clubhouse opens, and dates of any temporary closures will be publicized once known.

Items being sold at auction are posted at www.govdeals.com/northpalmbeachfl. Interested bidders may go to GovDeals.com/Register to complete your free bidder registration.

About GovDeals and Liquidity Services, Inc.

GovDeals, Inc. is a subsidiary of Liquidity Services. Liquidity Services (NASDAQ:LQDT) operates a network of leading e-commerce marketplaces that enable buyers and sellers to transact in an efficient, automated environment offering over 500 product categories. The company employs innovative e-commerce marketplace solutions to manage, value and sell inventory and equipment for business and government sellers. Our superior service, unmatched scale and ability to deliver results enable us to forge trusted, long-term relationships with over 11,000 sellers worldwide. With over \$7 billion in completed transactions, and 3 million buyers in almost 200 countries and territories, we are the proven leader in delivering smart commerce solutions.
